

RAINFOREST STORIGAMI by Rachel Katz

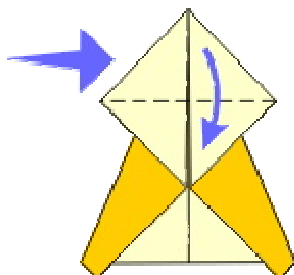

The story is based on a model by Sakata

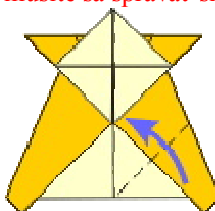

1 They were to stay near the Amazon river
Deti išli na výlet k rieke

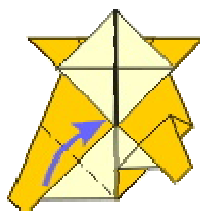

3 Not wanting to waste a minute,
deti ale nevedeli ako sa majú správať v prírode :-)

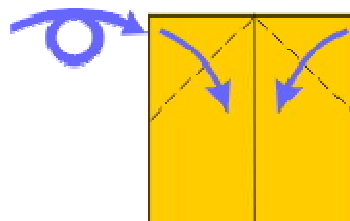

5 Just then, a wise old owl appeared. He said, "If you want to see the animals, this is where they live. It is not your home."
V tom sa objavila stará múdra sova a povedala: Deti, ak chcete vidieť lesné zvieratká, musíte sa správať slušne ☺

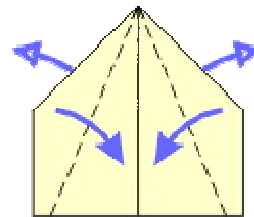

7 "Always lift up your foot slowly...
V lese chod'te vždy pomaly

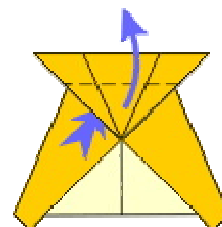

9 And the animals in the forest will soon be visible to you.
Potom sa vám lesné zvieratká určite ukážu.

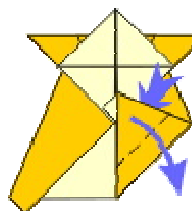

2 in a house built on higher land
a postavili si tam domček

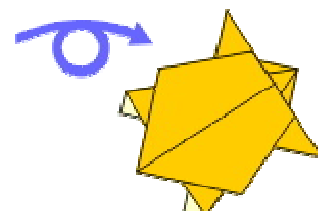

4 the children raced outside and ran back to the river making such commotion that the birds all flew out of their hiding places.
..a všetky zvieratká naokolo vyplašili

6 "Remember to respect their habitat and walk softly."
Musíte rešpektovať ich domov a byť potichu aby ste ich nevyplašili.

8 and place it down carefully.
a kráčajte opatrne.

10 And the children flipped when they discovered...a TURTLE!
Deti sa začali správať slušne a keď potom zbadali korytnačku veľmi sa z toho tešili :-)
